

Build your Roster in a Hospital Family Health Team

North Renfrew
Family Health Team

*This is an opportunity to practice medicine
in one of the most beautiful communities
in the Ottawa Valley.*

Job Details: Our client in Deep River, Ontario is looking for a full-time Family Physician to build their roster in their Hospital Family Health Team (FHT). They offer a collaborative approach to care, working with Nurse Practitioners and Integrated Health Professional staff. Physicians in the Family Health Team also provide coverage in the Emergency Department and participate in second-on-call under an Alternate Funding Agreement (AFA). There is also the possibility to work in Long-Term Care. Hours of work are dependent on roster size, but would be 40 hours per week for a roster of 1300 patients, including administrative work. No weekends or after hours are required for the Family Health Team, however a majority of the Physicians in the FHT cover shifts in the Emergency Department.

Payment Structure: It is a blended salary role based on the number of rostered patients. Base salary with 1300 - 1650 patients is \$137,000 - \$174,000 annually, plus incentives and bonuses which average about \$4,000 per month depending on roster size. In addition, income streams from the Emergency Department, the AFA, and Long-Term Care are available depending on clinical practice.

Members of the North Renfrew Family Health Team are employees of the Deep River and District Hospital. Physicians practicing within the Family Health Team pay no monthly overhead payment. Medical supplies, staffing costs, EMR licensing, and IT costs are all covered by the organization.

Clinic Details: The Deep River and District Hospital is part of the North Renfrew Health Campus (NRHC), comprised of the Deep River and District Hospital, the Four Seasons Lodge Long-Term Care, the North Renfrew Family Health Team, and the Deep River Physiotherapy Center. These organizations operate under one shared governance structure with shared staff and supports. Telus Practice Solutions Suite EMR is used in the Family Health Team, and implementation of the EPIC Hospital Information System is underway through The Ottawa Hospital.

The North Renfrew Family Health Team offers a wide variety of programs and services to their patients, and is comprised of Physicians and Nurse Practitioners who are supported by dedicated clinical and administrative staff. The medical practice is a turn-key operation.
